Allgemeiner Kommentar commentaires généraux	general comments		

Great fun and easy handling - accommodating 5 people. The Dragonfly 28 Sport is for the modern sailor, who requires multiple possibilities from his vessel. This boat is all about possibilities, fun - and above all, excellent sailing abilities. The Dragonfly 28 comes in two versions - the Touring version represents the trailerable family cruiser, whereas this Performance version is the trailable In- and Offshore Racer with a wave piercing float design that calls for the ultimate performance. This Dragonfly 28 Sport version is the first one of the DF28-series from 2009. She It is equipped with everything the price list at the time had to offer. Peter Hogg - Cruising World Boat Of The Year judge said: "I like this boat. She is a very good pocket cruiser, trailerable and nicely detailed. This boat is fun to sail, with no real faults for her intended purpose and offers truly amazing accommodations for her size" For personal and age reasons, the performance sailing orientated sailor/owner, decided to offer his dream-trimaran, that has been owned by the family for fifteen years, for sale in ready to compete in races or to cruise with family condition, at a most attractive price. This DF28 Sport N°1 might be viewed and handed-over on the Baltic sea.
